Letter no m3-C2370-474/41 of 17.2.42

Recommends that a grant of Rs 1253 (out of the H S grants for the current year) equal to $\frac{2}{3}$ rd of the estimated cost of ^{21880/-} constructing a drinking water well at the Kurnee minor mthly may be given the balance of Rs 627 being met out of the closing balance ^{of the mthly} for the current year as resolved by the mlcl on 29-8-40

1) It is stated that the borewell at the place does not yield adequate supply of water and has very often failed

2) The estimate for Rs 1920 for constructing a drinking water well prepared by the Kurnee minor mlcl has been duly scrutinised for Rs 1880/- by the Executive Engineer, Shemoga Dist. It has also been countersigned by the Pdt of the mlcl

3) Sanction is recommended to a Govt grant of Rs 1253 being $\frac{2}{3}$ rd of the estimated cost of Rs 1880/- of the proposed well, the balance being met out of the closing balance of the mthly for the current year, as resolved by the mlcl on 29-8-40

Submitted for orders

Let 2/3 1 A mark may be given from the H S Grants to avoid an unusual precedent

It is seen from the Shemoga D C review on the Budget Estimates of the Kurnee minor mthly for 1941-42 that the closing balance is estimated at

to bear half the cost of the sinking
of the proposed well at a cost of Rs 1880/-
The D.C. Shrinaga has however
recommended on a personal examination of
the case & spot inspection that there is
urgent need to have the proposed well & that
the financial condition of the village is such
that it cannot bear the entire cost and
that accordingly the case deserves special
consideration of Govt. He therefore requests
sanction for a grant of Rs 1250/- (very 2/3)
the cost of the well) from Govt. Generally
half the cost of the well is paid by Govt
in all such cases

In view of the special pleading
of the D.C. Shrinaga on behalf of the
Muna Rd. St. It is proposed a sum of
Rs 1250/- may be sanctioned out of
the reserve under water supply fund
during the current year

Subject Drinking water well at Kumsi - Grant for

1 I have the honour to state that the Kumsi Minor Municipal Council have resolved to request Government for a grant of two thirds of the cost of a drinking water well at Kumsi A copy of the Municipal Council resolution is herein enclosed

2 I have inspected the place and made local enquiries It is a fact that the people of Kumsi Town are feeling considerable difficulty for drinking water for a long time Even the bore-well that was provided for this place, has often failed and does not give enough supply of water and is giving trouble frequently To get over this difficulty the Municipal Council have proposed to get a decent draw well of 8 feet diameter with four pullies in a central place near the tank, at a cost of Rs 1,880/- I can also say that such a well is an absolute necessity for this Town

3 This estimate for Rs 1,880/- has been scrutinised by the Executive Engineer, Shimoga Division

4 The resources of this minor Municipality are very poor It has to meet heavy annual contributions such as Medical, Veterinary etc, and cannot afford to meet the entire cost of the proposed well The Municipal Council therefore pray for a Government grant of two-thirds of the cost of this well viz, for a sum of Rs 1,253/- The remaining one-third cost viz, Rs 627/- is proposed to be met by the Municipality from out of its closing balance

5 I am satisfied from my visit and enquiries as to the need and

and urgency of the proposed well and as to the financial position of the Municipality as ^{noted}~~advised~~ above In my opinion, this is a fit case deserving of special consideration of Government

6 Under these circumstances, I request you to kindly obtain sanction of Government for a grant of Rs 1,253/- towards the cost of the proposed well, from out of the water supply grant to Municipalities for the current year

7) The favour of very early orders is requested

I have the honour to be,
